Dear Martyn,

Extension and Alterations, Sicklinghall

I would like to take this opportunity to thank you for all your hard work and dedication to the above project.

From the start you have been most accommodating of both the client and my requirements, especially your significant efforts at the early stages, to ensure that this project could proceed within the client's budget.

You have also remained very competitive when calculating costs of any alterations or additional works. You take great pride in your work and your attention to detail and standard of finish is of a very high level. This is also reflected in the work the rest of your team carry out. The excellent site management skills adopted by all make the site a pleasant place to visit.

I would have no hesitation in recommending you to future clients and look forward to working with you again in the future.

Yours sincerely

Tony Parascandolo
